Thomas R. Antony, M. D. FACOG
Oscar Osorio, M. D.
Maryann Novak, ARNP

800 Medical Court East
Inverness, FL 34452
352-726-7667

IMPORTANT NOTICE REGARDING THE USE OF "OUTSIDE" LABORATORIES

Genesis Women's Center uses the services of **outside laboratories** for tests which include, but are not limited to: **Pap smears, blood tests, biopsies and urine cultures.**

In these instances, the laboratory will bill you directly for their services. If you have insurance that covers laboratory fees, we will provide a copy of your insurance card to the laboratory and they will file a claim with your insurance company for you. **If your plan requires the use of a specific laboratory, it is your responsibility to provide the name of the laboratory to the nurse or medical assistant at the time of service.**

Laboratory results are reported directly to the provider. Unless otherwise requested, the office **DOES NOT** routinely call patients with **NORMAL** Pap smear, blood tests or mammogram results. However, if you want to verify your test results, please allow four to six business days and call the office either before 10:00 AM or after 3:00 PM., and we will be glad to furnish you with the information requested.

If you have any additional questions regarding laboratory procedures, please call (352) 726-7667.

I have read the above information concerning outside laboratory fees and procedures for normal tests results and understand this form.
